The said loan Agreement, interalia, stipulated the terms on which the said loan was to be repaid by the corporate debtor and its rate of interest.
5. The said loan of amount totalling to Rs 1,10,00,000/- was disbursed to the Respondent/Corporate debtor. Further, the credit facility together with interest, all fees, commitment charges, costs, charges, expenses and other monies whatsoever stipulated in or payable under the Agreement dated 29th September 2021 and the other Transaction documents were secured by Primary/Collateral Security as specified in Schedule III of the Agreement.

Based on the documents placed on record, it can be sufficiently proved that the Corporate Debtor has failed in making the payment of the said loan, further it can be constructed that the Corporate Debtor has gone commercially insolvent to discharge its liability. Moreover, there exist a clear case of debt and default and hence the instant petition is filed before the Adjudicating Authority for initiating Corporate Insolvency Resolution

Process u/s 7 of Insolvency and Bankruptcy Code, 2016 against the Corporate Debtor.

Reply filed on behalf of the Corporate Debtor

13. The Corporate Debtor submits that the working relationship between the Financial Creditor was that Corporate Debtor always had a long-standing business relationship with the Financial Creditor and accordingly, from time to time, the Corporate Debtor used to avail short-term capital loan from the Financial Creditor.
14. The Corporate Debtor was undergoing a financial crisis which further deteriorated with the advent of the COVID-19 pandemic. The Financial Creditor is well aware that the business activities of the Corporate Debtor have taken a hit since the advent of the COVID-19 pandemic and is facing severe financial difficulties. The Corporate Debtor further submits that the business of the Corporate Debtor has come to a complete standstill since then due to market conditions. However, the Corporate Debtor is making every attempt to revive its business operations despite the unfavourable market conditions.
15. The Financial Creditor despite the knowledge of the circumstances of the Corporate Debtor has unfairly filed the present Petition against the Corporate Debtor seeking payment of the entire outstanding. It is noteworthy that the Corporate Debtor had assured the Financial Creditor and had informed of every intention to clear the outstanding dues by somehow recovering from its debtors or by selling some assets so that the Financial Creditor's liability could be cleared, but the Financial Creditor did not pay any heed to it.

Analysis and Findings:

16. We have heard the Counsel for the parties and gone through the record.
17. During the course of arguments, it has been contended by the Counsel for the Petitioner that the factum of existence of financial debt and its default committed by the Corporate Debtor stands proved on record. In this regard, the Counsel for the Financial Creditor has referred to agreement of business loan dated 29.09.2021 whereby a lone of Rs 1,10,00,000/- was advanced to the Corporate Debtor. As per the repayment schedule annexed with the agreement, the loan was re-payable within a period of 84 months though there was a mortarium for principal repayment for the initial six months. The rate of interest was 9% per annum and the interest was payable on the last date of every month. In case of default, the Corporate Debtor was liable to pay default interest @ 3% per annum on the amount of the default. According to the Counsel for the Financial Creditor, the Corporate Debtor did not pay any interest after 17.09.2022 and thus committed default. Therefore, the Petition deserves to be admitted.
18. On the other hand, the Counsel for the Corporate Debtor has argued that due to the Covid-19 Pandemic, the assets of the Corporate Debtor were not working at all due to which the Corporate Debtor could not adhere to the repayment schedule set out in the loan agreement dated 29.09.2021.
19. Having weighed the contentions raised by the Counsel for the parties and after going through the record, we are of the considered view that it has been established on record that the Corporate Debtor availed a loan of Rs. 1.10 crore from the Financial Creditor with an agreement dated 29.09.2021. It has

further been established that the Corporate Debtor fail to re-pay the principal as well as interest in accordance with the terms and conditions set out in the loan agreement and, therefore, committed default. In the reply filed by the Corporate Debtor, no substantive defence has been raised It has only been pleaded that the Corporate Debtor was facing a financial crisis which further deteriorated with the advent of Covid-19 pandemic. From whatever has been set out in the reply, it is evident that the Corporate Debtor is not able to sustain itself financially and it requires resolution.

20. As a result of brief discussion, we hold that the petitioner has been able to prove the existence of financial debt and its default having been committed by the Corporate Debtor and further that the Petition is filed within the period of limitation. Therefore, the Petition deserved to be admitted and it is ordered accordingly in following terms:-
